Mr. Joseph Speers, a well known steamboat clerk, will go out this evening as one of the clerks of the steamer Illinois. His many friends in the bend will be glad to welcome him back again. The Illinois, Captain James W. Gonsallis, is the regular packet for Vicksburg and all way landings. She will connect at Vicksburg with the Katie for New Orleans, and with packets for Yazoo river. Mr. Reese Reese, assisted by Jos. Speers and Dan Sulli-Ralston and Gronauer, inspectors for this port, returned yesterday from Hailes Point, where they have been to inspect the new pro-

peller Argo. Her dimensions are—80 feet long, 20 beam, 3 feet hold, built at Dyers-burg, Tennessee. They also inspected the Dyersburg at that place.

We learn by the officers of the Illinois that the towboat John A. Wood, on last Saturday, coming up the river with a tow of empty barges, broke a hog-chain on her starboard side, near Island 63, which let her wheel down in the water. She was landed by the steamer Colorado at Island 63. New Orleans Times, of Sunday: "The sinking of the steamer Belle Rowland, at Swan Lake, near Fulton, in upper Red river,

at sixteen thousand dollars, and insured for ten thousand. A correspondent, writing from Friars Poin on the twenty-third, and inclosing a subscrip tion for the WEEKLY APPEAL, says: "I do not know when you will get the letter, as our mails have been very irregular of late, owing to the war between the Coahoma and White. They both reach this place just at daylight, and before anyone knows of it they are off

again. With or without mails, passengers or freight, seems to make to make no difference to them. We have been put to much inconvenience in many ways by the rivalry between these boats, business of every kind is inter-fered with, and unless they become more ac-commodating the people here will bulldoze them both and put another boat in the trade."
